

# HEAD'S FORUM — THE PRESENT AND FUTURE OF OUR UNDERGRADUATE CURRICULA

To provide a regular forum for students to provide input on matters that affect their studies and well-being, Physics Department will be hosting the first of an Annual Head's Forum, focusing on the current undergraduate major and minor curricula. All students, including postgraduates, undergraduates who intend or already decided to major and/or minor in astronomy, math/phys and physics (including the BEd&BSc program) are invited to attend. Those who are simply taking one or two courses from the Department are also welcome.

**Date: 24th Mar 2017 (Fri)**

**Time: 5:30 pm - 7:00 pm**

**Venue: Room 522, CYM Physics Building**

*Light refreshment will be provided.*
