

# THE UNIVERSITY OF HONG KONG DEPARTMENT OF PHYSICS

## HKU ALUMNUS SHARING

Date: April 5, 2017 (Wed)

Time: 6:30 - 7:30 pm

Venue: Room 522, Chong Yuet Ming  
Physics Building

Speaker: Mr Ka-Hing Ng

KH Ng graduated from HKU in 1980. He was Project Director/Country Manager with CLP Holdings Limited. He has over 30 years of experience in energy utility management, international business development and business strategy consulting with various global enterprises including Arup, ABB and Schlumberger, across multiple functions, including corporate planning, multi-disciplinary project management and merger & acquisition strategies. He had been involved in the development/financial closing of a number of major energy infrastructure projects/transactions across the Asia-Pacific region. He is going to share his experiences in his energy career, as well as to give some practical advices on career and life adventure planning amid the uncertainties and opportunities that may arise in the years to come. His presentation materials will be in English; and he would primarily speak in Cantonese.

*Light refreshment will be provided.*
