

# SUMMER CAMP FOR EARLY PHD ADMISSION FALL 2025

To introduce the PhD program at Physics Department, University of Hong Kong to outstanding students, we are going to organize the first Summer Camp during 10th - 12th July 2024 for early PhD admission. Prospective students are invited to visit the campus, attend seminars and communicate with professors face to face. The successful applicants would have the opportunity to receive an early admission offer after the summer camp.

## TARGET GROUP AND ENROLLMENT

Undergraduates or postgraduates majoring in physics, astronomy or related disciplines worldwide (expected to receive Bachelor degree by 1st Sept 2025). The target enrollment is 25.

## APPLICATION

- Please submit your academic transcript (unofficial copy is acceptable), curriculum vitae and a short research statement to [phys-student@hku.hk](mailto:phys-student@hku.hk)
- Application deadline 15th May 2024 with rolling admission until spaces are filled. Successful applicants will be notified via email by 1st June 2024

## PROGRAM

- Information Session for Physics Department, HKU
- Visit Research Labs and University Research Facilities
- Meet with Professors and Fellow Postgraduate Students
- Panel Interviews

## HOUSING AND ALLOWANCES

We will provide free on-campus student dormitory (2 persons per room).

Each participant will receive meal allowance of HK\$1000 during the summer camp.
