

SUMMER CAMP FOR EARLY PHD ADMISSION FALL 2026

To introduce the PhD program at Physics Department, University of Hong Kong to outstanding students, we are going to organize a Summer Camp during 3 - 5 July 2025 for early PhD admission. Prospective students are invited to visit the campus, attend seminars and communicate with professors face to face. Successful applicants would have the opportunity to receive an early admission offer after the summer camp.

TARGET GROUP AND ENROLLMENT

Undergraduates or postgraduates majoring in physics, astronomy or related disciplines worldwide (expected to receive Bachelor degree by 1 Sept 2026). The target enrollment is 25.

APPLICATION

- Please submit your academic transcript (unofficial copy is acceptable), curriculum vitae and a short research statement (all documents in pdf format) to phys-student@hku.hk
- Application deadline 16 May 2025 with rolling admission until spaces are filled. Successful applicants will be notified via email by 2 June 2025

PROGRAM

- Information Session of Physics Department, HKU
- Visit Research Labs and University Research Facilities
- Meet with Professors and Fellow Postgraduate Students
- Panel Interviews

HOUSING AND ALLOWANCES

We will provide free on-campus student dormitory (2 persons per room).

Each participant will receive meal allowance of HK\$1000 during the summer camp.
