

The 2020 Asian Nuclear Physics Association (ANPhA) meeting & the ANPhA symposium on nuclear physics facilities in Asia

Dec 10-11, 2020, conducted via Zoom hosted by HKU

Programme

December 10 (Thursday) ANPhA symposium		
Time (Beijing Time)	Speaker (Affiliation)	Topic
9:00	Weiping Liu (CIAE)	Welcome address
Chair: Tohru Motobayashi		
9:10	Weiping Liu (CIAE)	Progress of Nuclear Physics in China
9:35	Hiro Tamura (Tohoku University)	Recent Progress of Nuclear Physics in Japan
	Kyoichiro Ozawa (KEK)	Hadron physics with high momentum beam
	Atsushi Hosaka (RCNP)	Nuclear and Hadron Physics using Supercomputers
10:10	Myun Kwon (RISP/IBS)	Progress of the Korean heavy ion accelerator project
10:35-10:50	Break	
Chair: Byungsik Hong		
10:50	Wen-Chen Chang (Academia Sinica)	Recent Results of Nuclear Physics Programs in Taiwan
11:15	Anthony W. Thomas (U. of Adelaide)	Nuclear Physics Research in Australia
11:40-13:35	Lunch	
Chair: Anthony Thomas		
13:35	Avinash Pandey (IUAC)	Nuclear Physics at the IUAC
14:00	Khin Swe Myint (U. Mandalay)	Progress of Nuclear Physics Research in Myanmar
14:25	Phan Viet Cuong (Vietnam Atomic Energy Institute)	Current Status of Nuclear Physics Research in Vietnam
14:50-15:05	Break	

Chair: Kazuhiro Tanaka		
15:05	Jenny Lee (HKU)	Nuclear Physics in Hong Kong
15:30	Marek Lewitowicz (GANIL)	Nuclear Physics in Europe from NuPECC Perspective
15:55	Weiping Liu (CIAE)	Closing remark

December 11 (Friday) ANPhA Board Meeting	
Chair: Weiping Liu	
15:00	ANPhA Board Meeting

The symposium is supported by Asia Pacific Center for Theoretical Physics
